

Voyager Infinity – Release Notes

Version: 4.105

Release Date: 5th April 2024

What have we released?

- Infinity 4.105 has been released

Release overview

Here's a snapshot of what we've delivered in this release:

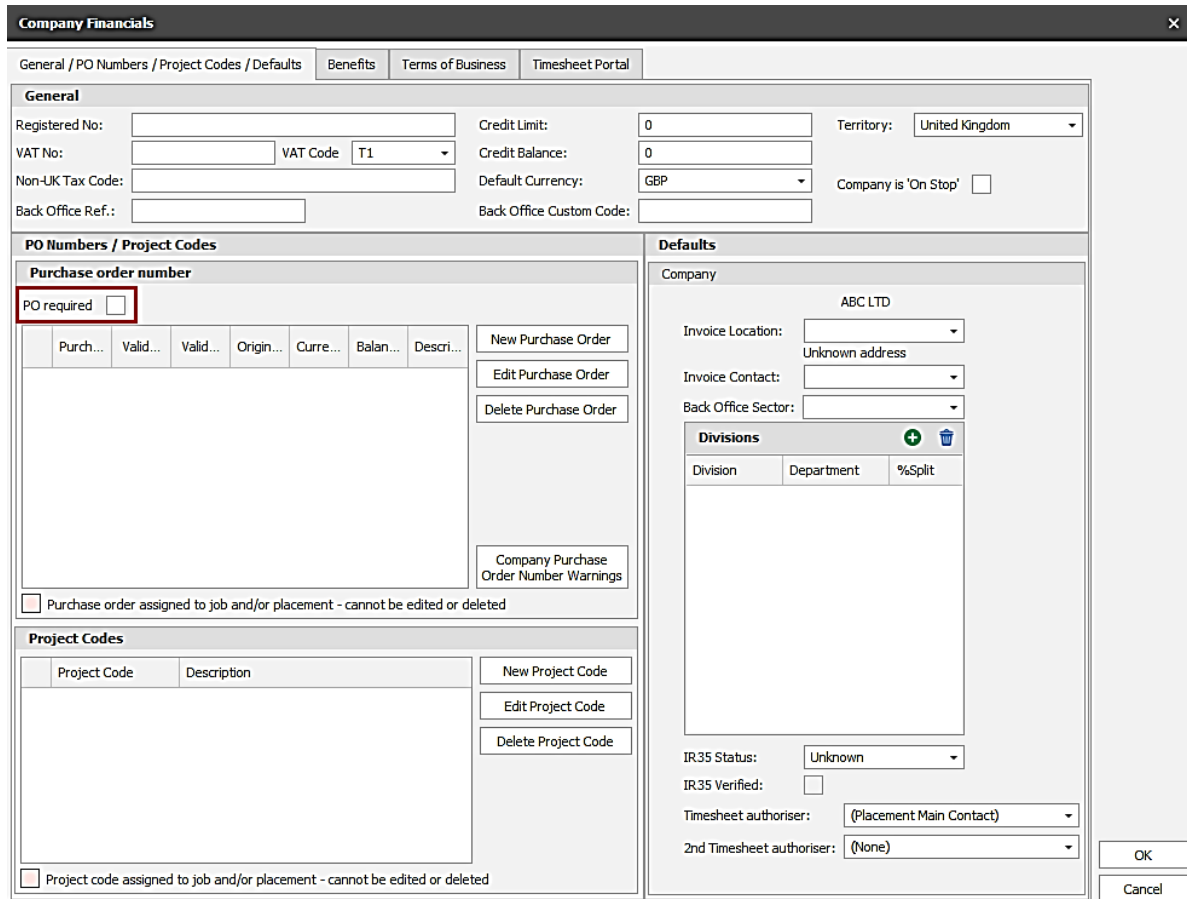

- Warn/Prevent Placements if they don't have a PO Number (configurable per company)
- API (SaaS Only) includes Candidate Attachments and Candidate References
- 'Company Business Sector' column added to 'Cont and Perm Starters' report

Feedback please

We are continuously looking to improve Voyager Infinity and are keen to hear your thoughts. Please email suggestions@ikirupeople.com with any feedback on existing functionality or ideas for new functionality.

Rule Description

Prevent the user from placing a candidate in a Perm, Contract, Fixed Term Job if: The placement PO is missing and is required by the company

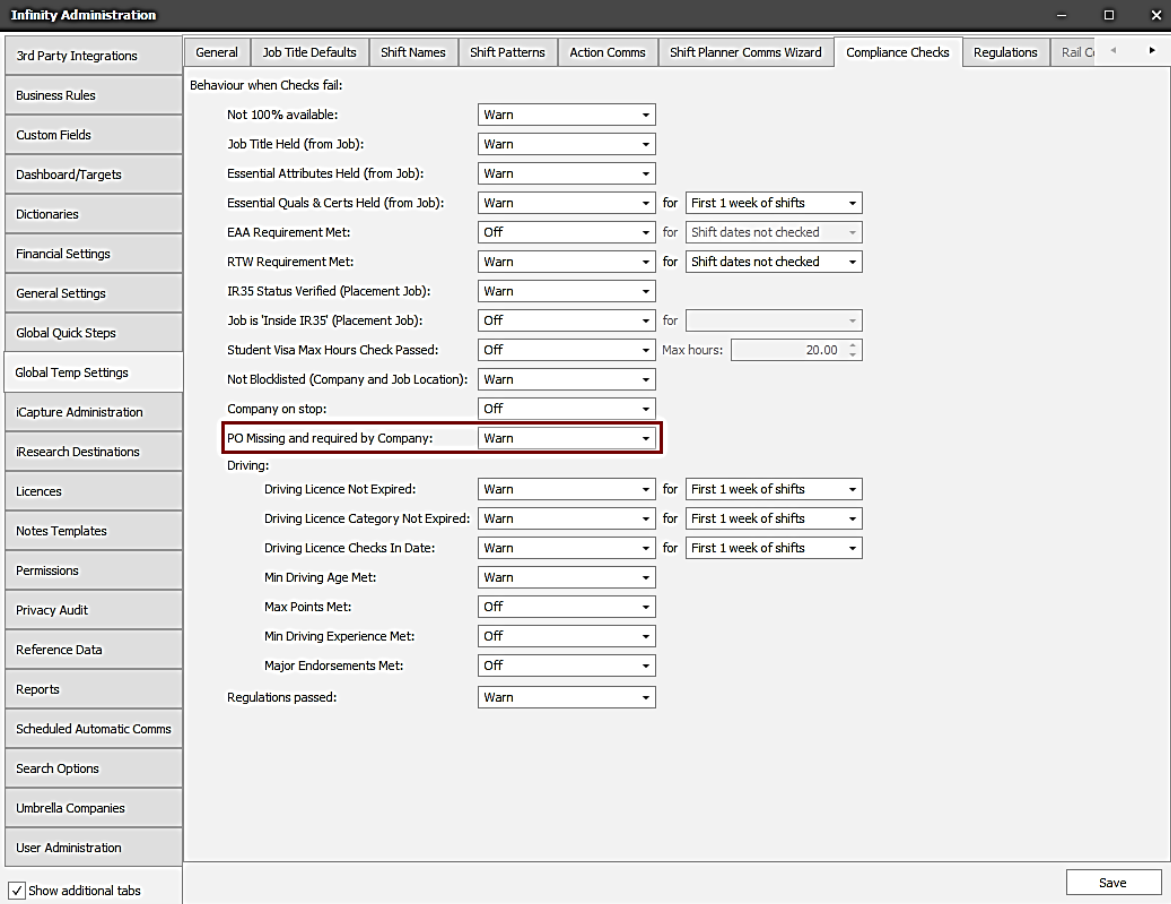

OK Cancel

Enhancement 126292 New Temp Compliance Check to prevent/warn if the placement doesn't have a PO Number

If the Company Financials 'PO Required' field is ticked, then Temp placements are prevented/warned from being created, unless the placement has a PO Number.

If a new placement is to be created, the Job PO Number is checked, as that will be the default PO Number on the newly created placement.

If a placement already exists, the PO Number is checked on the placement.
